AMETHYST HOUSE**ORIENTATION PHASE RESIDENTIAL**

Orientation is the time to learn everyone's name, and learn the community agreements and house chores. It is an opportunity to begin developing support and structure in your life, within the house and in the larger Bloomington recovery community. It is an opportunity to keep it slow, simple, and focus on the primary goals of our program and the basic goals of recovery. The completion of orientation will be approved in residential staffing (held weekly) after you have turned in your completed checklist. **Inability to follow these guidelines, rules, or house chores can lead to an extension of orientation or discharge.** Should you become noncompliant with the employment, sponsor, treatment recommendations, or community agreement requirements at any time, **you will be returned to orientation** and must complete a new case management plan with your case manager.

Plan to remain on the property for the first 24 hours. You may go to a 12-step meeting, with staff approval, if you are with another resident and you return immediately after the meeting. You may also attend treatment. Use this time to get settled in, meet the residents, and make structured plans for your job search.

Remember: Curfew is **9:30pm daily**, including weekends, while on orientation. **You may leave the property only if you are:* 1.) looking for work or working 2.) going to 12 step meetings or treatment 3.) attending religious services 4.) attending to medical needs (including working toward obtaining health insurance) or 5.) legal obligations

***ANY and ALL other activities must be submitted for staff approval.** It is not ok to go out to eat, go to movies, the mall, tanning sessions, or walk around town, etc. The focus of your attention needs to be on the basics of recovery at this time as well as obtaining employment and health insurance. Your sponsor may come to the house to meet with you. Sponsors are not held to visiting hours and may meet with you at the house at any time, as needed.

***The checklist must be completed before you can complete orientation phase.**

(You will remain on orientation for 30 days, or until these goals are completed, *whichever comes last.*)

1. Obtain and maintain employment. – You must obtain employment and complete a minimum of 32 hours per week. You are required to apply to 4 jobs a day during the approved job search hours (see Community Agreements) until you can provide proof of employment and having worked at least 32 hours for a week (typically via your first paystub). You will be required to complete a job search form and review with your case manager each week. Be sure to let your employer know that you are unavailable during hours of treatment sessions, house meetings, and not after curfew. Complete employment information sheet, release of information, and provide staff with your work schedule. If you are receiving disability you will still need to work or volunteer at least 20 hours / week.
2. Pay at least \$100 towards program fees. If less than \$100, pay off outstanding balance. – You are required to complete a budget and payment plan or contract with your case manager. ***Your program fees are your first priority with your paychecks.*** Submit pay stubs to staff to be copied. If your balance is more than \$250, you may not be allowed off of Orientation status until your balance is lower.
3. Obtain and maintain a 12-step program sponsor. – A temporary sponsor is a good way to begin. Many meetings have temporary sponsor lists. (Your sponsor may not be a current Amethyst House employee or client.)
4. Have completed application and submitted all required documents to obtain health insurance. – You must show proof that you have submitted an application and that the process has begun. ***This must be completed within the first 10 days.*** If you already have health insurance, you must provide proof and you will be required to find a primary care physician in place of this goal.
5. Complete a 12-step Meeting Attendance Log Form. – You must submit this form to your case manager weekly. This includes the chairperson's signatures.
6. Read and comply with Community Agreements. Ask staff to clarify anything you do not understand.

***Reminder: Removal from Orientation status is up to staff discretion.** Despite completion of checklist, if other issues are present – behavioral or otherwise – you may not be approved for removal from Orientation status.
